RE: Pasture Lease
Section 13

Dear Chuck

I am aware of over the last few years you have carried on haying activities in Section 13. We are probably not in the position of bidding the haying activities that have taken place in Section 13 for the last few years, but we would be happy to bid this as an alternate to haying by taking care of your fire requirements by our going in on grazing this area.

We would be happy to give you a proposal that would include any fencing that we would be required to furnish. It maybe a cleaner, simpler way for you to end this problem on a year to year basis. We would joint venture this project with the Hogans, who grew up in all of these sections, literally from toddlers to the mid 40's. They as well as Joe Meininger, employee of Church Ranch for 52 years, have an excellent working knowledge of all of the sections that the plant has grown into over the years. We feel that we could carry on our activities and respect your operations while doing so.

Please consider us as one of the bidders for this problem and opportunity

Yours very truly,

CHURCH RANCH
